## About Me

Enthusiastic and results-driven IT professional with over two years of experience providing comprehensive IT support in the healthcare sector and over one year of experience in Quality Assurance. Skilled in manual testing and enthusiastic in automated testing with tools like Selenium WebDriver and TestNG, and well-versed in Agile methodologies. Known for a proven track record in enhancing system efficiency and delivering high-quality software solutions. Driven by a passion for continuous learning and applying innovative technologies to achieve operational excellence. Seeking to contribute to a forward-thinking, dynamic organization.

## Professional Experience

### **Zeta Labs Pvt. Ltd.** | Software QA Engineer **Jan 2025 – Present**

- Conduct manual and automated testing to identify bugs and ensure software functionality.
- Design, develop, and execute test cases, test plans, and test scripts.
- Collaborate with developers, product managers, and other stakeholders to enhance software quality.

### **Axios Softworks Pvt. Ltd.** | QA/QC Engineer **Nov 2023 – Jan 2025**

- Created comprehensive test plans and executed manual test cases for the School Management System (NIVID), improving its software quality.
- Collaborated closely with developers to resolve possible reported defects within a week of logging, reducing project delays.
- Contributed to a collaborative work environment by effectively communicating test results and issues to the team.

### **Mavorion Systems Pvt. Ltd.** | Operations Assistant/Support **Dec 2022 – Jun 2023**

- Diagnose, troubleshoot, and resolve hardware, software, and network issues for end-users and clients, ensuring minimal downtime and seamless operation.
- Monitored office and client servers using LibreNMS, ensuring system stability and addressing issues promptly.
- Conducted User Acceptance Testing (UAT) for HIMS software updates prior to deployment, ensuring error-free rollouts..
